WHY IS THE OBTUSE TRIANGLE ALWAYS UPSET?

For each exercise, find the length of the indicated side to one decimal place.

Each time the answer appears, write the letter of the exercise above it to answer the riddle.

Because it is ...

18.5 cm 18.0 m 2.1 m 18.0 m 73.6 cm 73.6 cm 4.7 m 10.9 m 6.2 m 7.3 cm
